It is important to ensure that skill development is not inhibited by 'over-coaching'. Time management is crucial to player experience, so coaches need to consider this and avoid slowing the pace of the game. As the season progresses, coaches are expected to be providing opportunities for the players to think and learn for themselves, wherever possible, while the match is in progress. The next two batters should always be padded up and ready to head to the crease, to ensure the timely completion of matches | BATTING | <ul style="list-style-type: none"> All balls (regardless of whether wides/no balls) will be included in the batter's ball count. Batter to swap ends following a dismissal. If there is a run out the not out batter is required to face the next delivery. As there is allowances for varying team size, the following retirement rules apply: <ul style="list-style-type: none"> 5 player team – batters retire at 24 balls 6 player team – batters retire at 20 balls 7 player team – batters retire at 17 balls 8 player team – batters retire at 15 balls 9 player team – batters retire at 13 balls If there is an extra ball to be bowled, the batter facing at the time will face the extra ball (i.e. 17 x 7 = 119) Batters are to retire as soon as they face their allotted balls, not at the end of the over. Coaches should strongly discourage players from marking the centre by scraping marks with their shoes and/or bat as this damages the playing surface. Centre can be marked with chalk as needed. |

Maximum overs bowled by a player are 4 overs <i>*Please see Recommended Bowling Breakdown for recommended over per player options.</i> Bowlers are to bowl from the one end for entire game Coaches are to rotate the opportunity for their players to bowl the maximum overs from week to week. Stage 1 Junior Cricket (Mixed U10 & U11 and All-Girls Stage 1 U11)

|-------------------|--|
| FIELDING | <ul style="list-style-type: none"> • Rotation of fielders is required to ensure all players experience all positions. • Rotation of fielders occurs in a clockwise direction at the end of each over • No fielders within 15 metres of batter or each other (except Wicket-Keeper) to encourage singles and safety • Each team is required to use two (2) wicket keepers (10 overs each) • Following the drinks break, players return to the field in the position they would have been in if there had been no drinks break. The two wicket keepers will generally swap positions with each other, in terms of where the first wicket keeper takes to the field after drinks. • If more than 7 players are present at a match, it is generally efficient if the bowler leaves the field at the completion of their over, and the extra player takes to the field in the position the bowler would otherwise have moved to if there had been no extra players. • If a team has less than 7 players present, their opposition is required to assist with fielding. Preference is to place opposition fielders in non catching positions, where possible (eg back stop). You do not bat or bowl for your opposition. • Refer to NJCA Guidelines for rules regarding Fill-In and Substitute Players |
| DISMISSALS | <ul style="list-style-type: none"> • Unlimited dismissals (each player will face the nominated number of balls each) • 4 runs per wicket will be added to the opposition (bowling teams) total at the end of the innings. • The following dismissals apply in this format: Bowled, Caught, Caught & Bowled, Run Out, Stumped, Hit Wicket. LBW does not apply. |
